

## Welcome Home...

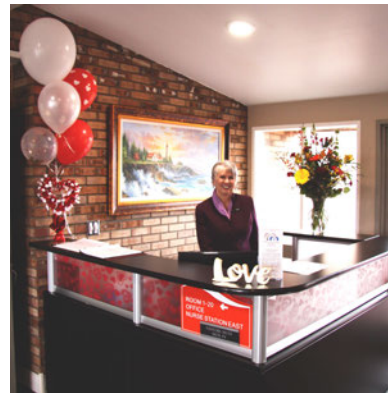

Welcome Home: Oak Harbor just completed a whole facility renovation and it is AMAZING inside and out. We are delighted to be able to offer our Residents the value they deserve. Everything from walk-in tubs and showers to the new courtyard deck overlooking the enclosed yard used for our outdoor activities was carefully chosen with our Welcome Home Family in mind. Come for a tour and let us show you personally how great life can be with Welcome Home Oak Harbor Senior Memory Care

## Our Staff...

We select our staff not only for their background and technical skills, but also for their patient and loving nature that is so essential to the care our Residents receive.

We encourage and assist our staff to become all they can be in their chosen field. We find that happy, fulfilled people make the best employees

Call us at **360.682.5998** for more information regarding our services so that we can help you with answers to all your questions from helping a loved one with dementia to understanding the costs of transitioning into assisted living. Making that move is a process and we are here to help.

Welcome Home is located on beautiful Whidbey Island, Washington in the small town of Oak Harbor, also home to one of the most desirable bases in the Navy; Naval Air Station Whidbey Island. With nearly perfect air quality it's the premier pilot training base on the west coast. After serving their career years many of our military members make the choice to live out their retirement years here. Occasionally one of our Veterans needs to take advantage of a short-term rehabilitative option after surgery or perhaps they need full time care after a debilitating stroke.
