Welcome Home is located on beautiful Whidbey Island, Washington in the small town of Oak Harbor, also home to one of the most desirable bases in the Navy; Naval Air Station Whidbey Island. With nearly perfect air quality it's the premier pilot training base on the west coast. After serving their career years many of our military members make the choice to live out their retirement years here. Occasionally one of our Veterans needs to take advantage of a short-term rehabilitative option after surgery or perhaps they need full time care after a debilitating stroke.
